

Start here.

Nine pages for the night and the turn: a party run backwards from 00:00, a guest list that asks how everyone is getting home, the bottle arithmetic — then the year in twelve lines, what you are not carrying into the next one, and the first week of January nobody plans.

1 WHAT IS IN YOUR DOWNLOAD

4 fillable kits	Letter + A4 · colour + ink-saving mono · 9 pages each
4 print kits	the same pages without form fields
Pages 1–4 are the night	pages 5–9 are the year turning
This guide	printing and filling in, on one page

2 TYPE ON IT

Open a file ending in **-fillable.pdf** in Adobe Acrobat Reader (free) or a tablet app and type. Tick the boxes with a click. **Save a copy first** and keep it — next December, page 5 opens with this year's twelve lines already in it, which is the whole reason that page exists.

3 OR PRINT AND WRITE

The **-print.pdf** files are the same nine pages without fields. Print page 3 whatever else you do and put it in the kitchen: it is the night counted back from midnight, and it is what anyone helping needs to be able to read without asking you.

4 PRINT IT WELL

- Paper: plain A4 or US Letter, 90–120 gsm
- Scale: **100% / Actual size** — never “Fit to page”
- White pages on purpose — a midnight-blue background eats a cartridge
- Saving ink? The **mono** kit is the same layout in graphite only

5 TWO THINGS THIS KIT IS DELIBERATELY NOT

It is **not a dated diary** — no year is printed anywhere, so it works this December and every one after. And page 6 is **not a goals page**: it is a list of things to put down. A page of new intentions stacked on a year that is already full is how January resolutions die in February, so this kit asks you to subtract before it lets you add.
