Thank you. Nine pages that carry a party from the first idea to the thank-you notes
— type into them, print them, or both.

1 WHAT IS IN YOUR DOWNLOAD

4 fillable kits	Letter + A4 · colour + ink-saving mono · 9 pages each
4 print kits	the same pages without form fields, cleaner for batch printing
746 form fields	every line, box and tick, ready to type into
This guide	typing, printing and the licence in one page

2 TYPE ON IT

Open a file ending in **-fillable.pdf** in Adobe Acrobat Reader (free, Mac and Windows) or a tablet app like GoodNotes or Xodo. Click any line and type; tick the boxes with a click. **Save a copy first** and keep it as your working file — one party, one document, editable to the last minute.

3 OR PRINT AND WRITE

The **-print.pdf** files are the same nine pages without the fields. Print the whole kit once and put it in a folder, or print single pages as you need them — every page carries the name and the date at the top, so a loose sheet still makes sense.

4 PRINT IT WELL

- Paper: plain A4 or US Letter, 90–120 gsm
- Scale: **100% / Actual size** — never “Fit to page”
- Margins: none / borderless, portrait
- Saving ink? The **mono** kit is the same layout in graphite only

5 IF ANYTHING LOOKS OFF

Message me through Etsy and I will sort it the same day — a file that will not open, a size you need, a page you wish said something else. If the kit earned its place on your table, a review helps this small shop more than you would think.
