

Start here.

Thank you. Eleven pages for a birthday that fills a room — the guest list, the speeches, the slideshow, the seating, and the surprise if there is one.

I WHAT IS IN YOUR DOWNLOAD

4 fillable kits	Letter + A4 · gold + ink-saving mono · 11 pages each
4 print kits	the same pages without form fields
Surprise & speeches pages	the two that generic party planners leave out
This guide	typing, printing and the licence in one page

2 TYPE ON IT

Open a file ending in **-fillable.pdf** in Adobe Acrobat Reader (free) or a tablet app like GoodNotes or Xodo. Click a line and type. **Save a copy first** and keep it as the working file — on a three-month plan you will come back to it thirty times.

3 OR PRINT AND WRITE

The **-print.pdf** files are the same eleven pages without fields. Even if you work on screen, print three for the night itself: the seating plan, the running order and the guest list. Paper does not run out of battery halfway through the speeches.

4 PRINT IT WELL

- Paper: plain A4 or US Letter, 90–120 gsm
- Scale: **100% / Actual size** — never “Fit to page”
- Margins: none / borderless, portrait
- Saving ink? The **mono** kit is the same layout in graphite only

5 IF ANYTHING LOOKS OFF

Message me through Etsy and I will sort it the same day. And if the evening went the way you hoped, a review helps this small shop more than you would think.
