

Start here.

Nine pages for the parent rather than the pupil: what they have grown out of, the list and the labelling, what the year actually costs, the week as a grid, five lunchboxes, the evening routine that fixes the mornings, the first day, and the names and numbers.

1 WHAT IS IN YOUR DOWNLOAD

4 fillable kits	Letter + A4 · colour + ink-saving mono · 9 pages each
4 print kits	the same pages without form fields
Start with page 2	if the shoes do not fit, everything else waits
This guide	printing and filling in, on one page

2 TYPE ON IT

Open a file ending in **-fillable.pdf** in Adobe Acrobat Reader (free) or a tablet app and type. Tick the boxes with a click. **Save a copy first**, and save one per child — next August it opens with last year's sizes, costs and phone numbers already in it, which is exactly when you want them.

3 OR PRINT AND WRITE

The **-print.pdf** files are the same nine pages without fields. Print **page 5** and put it where the bags are: it is the week as five columns, and it is what stops the PE-kit-on-Tuesday problem. Print **page 7** too and use it every night for the first fortnight, then stop — by then it is a habit.

4 PRINT IT WELL

- Paper: plain A4 or US Letter, 90–120 gsm
- Scale: **100% / Actual size** — never “Fit to page”
- One copy of pages 1–4 per child; pages 5–9 can be shared
- Saving ink? The **mono** kit is the same layout in graphite only

5 TWO THINGS THIS KIT SAYS OUT LOUD

Label the thing, not the bag. The bag comes home; the jumper does not. Everything that can be taken off during the day needs a name on the item — jumper, coat, PE kit, bottle, lunchbox and both shoes, inside. And **shoes exactly, jumpers one size up**: feet are measured at the end of August, not in July, because children grow over the summer.
